SWISS BIOBANKING PLATFORM

CERTIFICATE

We, Swiss Biobanking Platform, confirm the labelling of

BioHUG

HUG - Hôpitaux Universitaires Genève

SCOPE OF THE VITA LABEL

COMPLIANCE WITH LEGAL AND ETHICAL STANDARDS

The Vita Label demonstrates compliance with the applicable legal framework; in particular, the legislation on Research involving Human Beings, the cantonal legislation and the one relative to Data Protection. It follows established ethical/professional principles, including the Declaration of Taipei on ethical considerations regarding health-related databases and biobanks (2016).

The compliance check is based on the answers provided in the BiobankSQAN and the remote evaluation performed by SBP Team on 2024/07/08.
